January 11th 2008

School Council

Next Thursday (the seventeenth of January) there will be a school council meeting in Mr Rogers classroom. The meeting will end at four o'clock as usual.

House points

This week when I collected the house points, I noticed that there were loads more than usual

Lysander - 270
Spitfire - 240
Hurricane - 220
Lancaster - 200

**Lysander ,
you're doing well!**

The Eco-Committee

The Eco-Committee will be starting an energy committee, members will be Sam Moorcroft and Alex Dixon! They will be checking the energy meter! They will choose energy monitors to check computers and lights in classrooms at lunch time. There will be a smiley face on a graph for the class who saved the most energy. It will be recorded on the eco board outside the office, so watch out!!

P.E Kit

All children please bring in P.E kit. Outside P.E kits require jumper, tracksuit trousers and some trainers or plimsolls.

This weeks Chocolate facts

A study has shown that chocoholics live longer than abstainers. Their long life may be explained by the high polyphenol levels in chocolate.

That sounds a good excuse to us!!!

Kent test

Well done to participators of the Kent test, we hope you get good results.

German club

It's your last chance to sign up for German club if Miss Dawe has more slips back then it will start in 2 weeks time.

Hats and scarves

If you bring your hats and scarves to school please put your name in them so they don't get lost. Thank you.

Thank-you

Thank-you to all the people who donated to the Eco-Committee seeds and plants, we can't wait until we plant them in the spring around the school.

Mobile phones

If you've got a new mobile phone for Christmas please do not bring it to school. If you bring your phone to school for safety reasons give it to your teacher so it does not get stolen. If you've got jewellery for Christmas please do not wear it to school, only wear watches and small ear-rings, which must be removed for PE!

Did you know?

On the 10th of January 1863 the London Underground started operating.

On the 12th January 1976 famous crime writer Agatha Christie died (believe it or not).

Maths word of the week

From now on we will be doing the maths word of the week. This week's word is -

Frequency. The frequency of some data is the number of times each piece of that data is found.

Parking

When you are collecting somebody from the school please do not park in front of neighbours driveways because Mrs Watson has been having complaints from people.

Herald Cup

This week our school football team have found out who we will play this year. The challengers are: St Mary's, Dymchurch and All Souls primary schools. We will play Dymchurch and All Souls away on the 10th and 17th of March. Our only home group will be against St Mary's on the 3rd of March.
