

## Hawkinge Primary School - PE and Sport funding

Total School PE and Sport funding allocated: £9370

2015 - 2016

### Allocation of money

ALLOCATION OF MONEY	AMOUNT	EXPECTED IMPACT	ACTUAL IMPACT	SUSTAINABILITY/NEXT STEPS
Pent Valley Competition Package	£1000	We will be able to access a range of competitions over the year.	Sadly the PV competitions were always booked up and we were unable to get to them, however we did take part in District Sports and some other local competitions.	PE leader will meet with the new School Games Organiser to identify and plan a programme of competitions, also identifying transport options.
Bikeability	£500	L1: Children will demonstrate skills and understanding to make a trip and complete activities in a free traffic environment. L2: Children will demonstrate skills and understanding to make a trip and complete activities and manoeuvres in a road environment.	Many children in Years 5 and 6 were trained and Year 6 children, who have passed L2 are able to cycle to school if they wish.	Year 5 pupils will be offered Bikeability training this year as well as any Year 6 children who did not take part last year and would like to this year. (Year 6 will be trained first so that they are able to cycle to school for the year.)
Jump For Joy Roadshow	£300	Children will have the opportunity to participate in a range of activities to help enhance their fitness and stamina. Encouraging healthy lifestyles and lifelong participation. Providing a variety of sports experiences. Engaging pupils in sports pursuits.	This was a very successful session which children and staff thoroughly enjoyed. Many children were encouraged to get more involved in trampolining locally.	Book this session every two years for childrens in Year 3 and 4.
Pulse Connect	£30	Year 6 pupils will have the chance to try a variety of exciting sports and activities with the opportunity to join the main PULSE sessions throughout Shepway.	We were never given a date for this session so it did not take place.	n/a

Roadshow to Rio	£300	Ignites enthusiasm and passion to explore more sports in the future.	Children thoroughly enjoyed this roadshow and many were inspired to have met the sportmen and women and this has led to children getting more involved in local clubs.	Obviously, this roadshow was to do with the Olympics and Paralympics this year. In order to sustain momentum and enthusiasm for sport following the Rio Games, we have invited Olympic hurdler, Jack Green, to spend the day in school working with children on a range of sports activities, sharing his experiences and motivations. We intend for this to be a motivation for children to get involved with local athletics clubs (as well as other sports).
Catch Fusions	£300	Bonds classes together to experience sport with every person 100% active 100% of the time. CATCH syllabus and techniques are reusable across future PE lessons and can be used to shape the configuration of sessions using 'warm up factory', 'skills zone' and 'games pit' methods.	Children enjoyed the session and KS1 staff were able to use this as a CPD opportunity to impact on their planning and their future practice.	Book this session every two years for children in Years 1 and 2.
Release time for teachers to attend CPD events	£500	CPD for staff leading to raised levels of understanding about how to teach specific sports and improved quality of teaching.	Staff attended training sessions and this was then shared with year group colleagues when planning and with colleagues across the school where appropriate.	Staff to feedback training from their CPD with colleagues. Teachers to identify any training they would like this academic year.
PE Leader to meet with new PE Leader at The Churchill	2 x half days @£100 per time = £200	There will continue to be cohesion between the teaching of PE at the two schools. There will continue to be more unity between the two schools in sharing their PE learning together.	Joint PE activities have taken place between the schools. This has been an opportunity for staff to share expertise and for children to get involved in competitive sports activities.	PE leaders from both schools to meet together to ensure continued cohesion between schools. Year group staff to meet during a joint staff meeting to plan a series of social/competitive sport activities throughout the year.
Meetings with The Churchill	6 x half days @£100 per time =	There will continue to be cohesion between the teaching of PE at the two schools. Sports Coach	£1020 per term £85 per session = 3570	CPD for staff leading to raised levels of understanding about how to teach areas of PE and improved quality of teaching. Children to be motivated by working with an experienced coach.	The CPD provided by sports coaches has upskilled teachers, increasing confidence and competence across different areas of PE. The opportunity for children to have been taught by and 'expert' has led to greater development of skills, motivation and encouraged involvement in sports beyond the school setting.	We will continue to work with sports coaches. Teachers will team teach/participate in lessons as part of their CPD. Staff are expected to complete a CPD evaluation form at the end of the term to show the impact this has had on their future practice. Coaches will continue to signpost children to specific clubs where they can develop their interests and talents.
The Golden Mile	£1260	Staff will have a baseline assessment of children's fitness and be able to track their progress through the year. Teachers will be able to identify children who are G and T as well as those who need extra support in PE.	Staff were able to identify children that needed to develop their strength and stamina and also children that needed to be extended within their PE lessons. Many children showed improvements in levels of fitness.	We will not be continuing with this activity, however staff will still be expected to identify children that need extra support in PE as well as those that are gifted and talented.
Resources to support the new curriculum.	£810	PE will be well resourced matching the needs of the new curriculum map 2015-2016 to meet the needs of all children.	We have a range of quality resources at school which are used effectively to support PE. Resources are monitored by PE leader and updated as appropriate.	We will continue to monitor the use of resources. Through Active Kids we will also ensure that we have a range of resources to be used at breaktimes to encourage active lifestyles.
Total planned spend to date:	£9370
