Dear Parents,

The week started off well this week with the return of Mrs Maitland for the day. She came to school to get organised for her return to work in June. The children in Peter Pan Statue class were pleased to see her – she spent the afternoon with them during their science lessons. I know many of you stopped off for a quick chat with her first thing in the morning or at home time. She will be back after the holidays sharing Peter Pan class with Mrs Featherstone.

Thank you to so many parents who attended the Landing Pad Assemblies this week. It is always so nice to see such a good turnout at these events. I know the children love sharing their work with you, in turn I am sure it is great to see what they have been doing at school when I expect generally the response you are given when you ask your child - is 'nothing!' I hope you agree with me that it is wonderful to see the breath of learning the children do in their theme books – making all the links they do to their learning. The children are always excited by their 'themes.' I think that shines through in their work.

On the reverse of this newsletter you will find the curriculum overview for term 6. On the bottom of the page there are some ideas of how you could support your children over the holidays in best preparing them for their new theme. Let us know if you do participate on any of the activities.

Today we say a sad farewell to Mrs Hall who is leaving us today to start a new job after the holidays. The school certainly will not be the same without her. We will certainly miss her. I am sure you would like to join with me in wishing her much luck for her new job.

Have a wonderful half term week. We are back at school on Monday 5th June. Enjoy the sunshine!

Aly
